HACKATHON TIMELINE

The #WorldInnovationDay Hack 2021 will run from 17:00 IST/ 19:30 SGT / 21:30 AEST Friday, 16 April to 17:00 IST/ 19:30 SGT / 21:30 AEST, Monday, 19 April.

A series of workshops and networking sessions will be available in the lead up and during the hackathon. To keep updated on the schedule, please visit hackmakers.com and sync the events calendar!

Fri, APRIL 16

Day 1

HACK BEGINS!

- Teams form and begin ideating
- Review the challenges, pitch your ideas and form your team
- Navigate your way around and become familiar with the online workspace

Sat, APRIL 17

Day 2

DESIGN & BUILD!

- Design, build and validate a proof of concept (model, MVP or prototype) using startup inspired methods.
- Technical and challenge mentors can provide assistance on [#ask_a_mentor](#) channel

Sun, APRIL 18

Day 3

CHECK INS!

- Mentors remind teams to begin thinking about their pitches and presentations
- Attend speed teaming sessions if you are still finalising your team

Mon, APRIL 19

Day 4

REFINE & PRESENT!

- Refine proof of concept, create a video or pitch presentation and submit
- Fun challenges following close of the hack in lead up to winners announcements

HACKATHON WORKSHOPS

Monday, April 12, 21:00 AEST Peter Laurie, Director at Junita

There are definite challenges in working this in kind of environment. Learn ways to get the best experience out of this event. This is a MUST for everyone participating as you can always learn something new. This is a live only session.

Tuesday, April 13, 21:00 AEST Oracle Cloud – Data insights

There are different methods to discover insights – from ML to visualisation. Learn about how to discover these insights with Oracle Cloud with Saurabh Gupta (Oracle ACE). The discussion will also include “Even though we have these insights, should we?”

Tuesday, April 13, 21:30 AEST UQ Ventures – How to make impact

How do you make an impact? How do we know that what we build is impactful? How do we know the impact we make is a good one? Learn more about making an impact in this session with UQ Ventures.

Wednesday, April 14, 21:00 AEST Oracle Cloud – Using open source

Learning technology normally starts with what is free or Open-Source. Learn about using Open-Source Software on Oracle Cloud and see how you can start learning.

Wednesday, April 14, 21:00 AEST Oracle Cloud – Executing fast, with autonomous database

Installing different tech stack for different datastores takes time. Learn about the ways that you can use Autonomous Database for different use-cases like low-code, graph, ML, JSON, REST-APIs and spatial.

We're offering tailor made content to equip you with the support and skills you need to compete and transfer your challenge ideas into a valid submission. Make sure you don't miss any of the below panels or workshops in the lead up to get up to hacking speed!

Thursday, April 15, 19:00 AEST Participant Inductions

An introduction to participants to effectively compete in a Hackmakers hackathon. We will go through the roles and expectations, time commitment, Slack software and other tips for competing!

Thursday, April 15, 20:00 AEST Mentor Inductions

An introduction to participants to effectively compete in a Hackmakers hackathon. We will go through the roles and expectations, time commitment, Slack software and other tips for reaching out and assisting teams

Thursday, April 15, 21:00 AEST QUT Bands – Story Telling and Pitching

The difference between a good solution and great solution could be as simple as how you convey your story in your pitch. Learn about the art of storytelling and pitching at this QUT BANDS session.

Thursday, April 15, 21:30 AEST QUT Bands – Soft Skills in IT

Tech skills in IT are important. As businesses mature in their use of digital, soft skills in IT are more relevant and critical. Learn about these softer skills in this QUT BANDS session.

Friday, April 16, 21:30 AEST OPENING CEREMONY

#Worldinnovationday Hack will commence at 21:30 AEDT! Join thousands of hackers, hundreds of mentors and our suite of sponsoring tech for some opening remarks to kick off the comp!

Friday, April 16, 22:30 AEST Speed Meet & Greet Session

This will be the first of two speed meet and greet sessions run by Hackmakers, to facilitate connections for team forming, and for mentors to meet teams.

The Three
Challenges

SUSTAINABLE DEVELOPMENT GOALS

CREATE
INNOVATE
BUILD
MAKE FRIENDS

UN DEVELOPMENT GOAL 3 HEALTH & WELLBEING

Ensure healthy lives and promote wellbeing at all ages. Universal health requires coverage in areas that seeks equitable access to health care services.

UN DEVELOPMENT GOAL 4 QUALITY EDUCATION

Ensuring inclusive and equitable quality education, whilst promoting lifelong learning opportunities. Easily accessible education for young people and children with a focus on numeracy and literacy.

UN DEVELOPMENT GOAL 8 DECENT WORK AND ECONOMIC GROWTH

Promoting sustainable and inclusive economic growth, aiming to ensure each country and economic sector provides its citizens to have a good life irrespective of their background, race or culture.

CELEBRATING WORLD CREATIVITY AND INNOVATION DAY

On #WCID, the world is invited to embrace the idea that innovation and creativity are essential for harnessing the economic potential of nations.

The world is undergoing an unprecedented time of change and crises in health, education, economy and the future of work. This uncertain period affords us an opportunity to reset and correct the course of many meaningful objectives.

Our mission to make a tangible contribution towards three of the UN's Sustainable Development goals by providing a platform for individuals to open up their creative centre in building innovative technology and applications that solve old problems in new ways!
